1. People can struggle with their expectation of God, and their experience of God. Have you ever experienced this?
2. Have you ever felt that God was silent or hidden? What has that done to you? What would you say to someone who struggles with that?
3. How have you heard and seen God in your own life? What should that look like for a follower of Christ?
4. The sermon illustrated how we can still ignore God even when he blatantly provides his presence and voice. How is this? Reference Roman 1: 18 – 22. Explain this together.
5. Define and describe what the prophetic voice of God should be (content/tone) from the church, to this lost generation.
