1. Have you ever read through the book of Micah before? If this was your first time hearing from it, what jumped out at you?
2. How would you respond to a message as powerful as the one Micah brought? How would it feel to deliver such a message?
3. The leaders of Israel and Judah thought themselves above punishment because of their religion and proximity to the temple. Do you find yourself leaning on tradition or religion rather than your relationship with God?
4. Reread Micah 6:8. How do you need to adjust to live according to the way Micah tells us to live?
