1. Have you ever felt like Habakkuk - having a conversation with God about something you see coming and are unsure of how it'll all work out for good? If you're able to be vulnerable, share that with your group?
2. We have to have the right perspective on our circumstances. Hebrews 11 showed us heroes to endured through horrible experiences. Read their stories and talk about how their unique circumstances could've caused them to feel like God had failed, but ultimately revealed He was still working.
3. Read Habakkuk 3:17-19. While remaining vulnerable with your group, is there a part of your life (either present, past or future) that you would have a hard time speaking this truth about?
4. Take some time (10 mins or so) to pray for each other and speaking specifically two things over each other:
 - a. Voicing our concerns to Him
 - b. Worshiping Him and praising Him for who is and proved Himself to be throughout history.
