1. God had a problem with Edom's pride (geography, allies, wealth, wisdom). They also gloated about their violence towards the descendants of their brother, Jacob. How does this translate for this country? How does this translate to you, personally?
2. Read Prov 16: 18, 19. God destroyed Edom! Why is pride such a problem for God?
3. Some think God is unaware or uninvolved in current affairs around the world, but Obadiah shows us that God sees, hears and feels what happens in this world. What global events can we bring to God in prayer?
4. Obadiah leans into this idea of 'the day of the Lord'. What is the ultimate day of the Lord and what will take place?
5. Your attitude matters to God. Your attitude is registered in heaven. Your unheard thoughts, your invisible views, your unexpressed feelings are seen and heard and felt and recorded by the God of heaven and earth. How is your attitude?
