

NOTES

Sunday, January 5th, 2025

1. Read Matt 28: 16 – 20.
2. God's Word says that without a vision, we perish. What does this mean? Sunday's sermon laid out God's biblical mandate of purpose for the church. What is your role in that?
3. The command to make discipleship can quickly be neglected, we must stoke the embers again and again. How can your community group take on the qualities of disciple making?
4. Is there room in your community group for a non-Christian or a young/immature Christian who needs to be disciplined?
5. What habits or common practices can a community group accidentally slip into that causes that group to become insular and lacking a discipleship edge? What can you do to expose those and safeguard your group from them, going forward?
6. Has your group done bootcamp? This is community Churches equipping and training for disciple making. (Please contact aaron.mora@communitymi.org for help)
