1. How are the challenges of this series striking you thus far? What is standing out for you and for our church community?
2. What is wrong with the world's perspective of "you're fine the way you are; we can just accept ourselves; you are enough..." How does that contract with the Gospel?
3. How do you understand the combination of 'grace & truth' as embodied in Jesus Christ? Read John 1: 17
4. Describe a wise and loving 'grace & truth' conversation with a person who is far from Christ who is on a destructive path. What aspects of that conversation draw the person in as opposed to repelling them? And how do we ensure that is it a redemptive conversation even if we are confronting them?
5. "What God's truth demands; His grace will provide". Discuss.
