1. What is your opinion of the Bible? The claim is that it is inspired by God and inerrant. Do you actually believe that? Why? Why not?
2. What has been your personal experience with the Bible (if you have had that)?
3. Together try and recall the 4 defenses of the Bible from the sermon. What struck you?
4. How would you formulate a conversation with someone who claims that the Bible is myth, that it is man-made traditions, that is flawed and contradictory. How would you give a defense for the validity and authorship of this book?
5. John Stott “We cannot have a lower view of scripture than Jesus did.” What was the view of scripture, held by Jesus?
